PARTNERSHIP WITH QUINTIESSE

This catalogue represents a unique partnership between Currey & Company, globally recognised as a leading luxury design lead brand and Quintiesse, part of the Elstead Lighting Group of companies. All of the models featured in this catalogue are intended to be permanently stocked models, available through carefully selected partners around the world, requiring 220V to 240V standards.

Elstead Lighting Group started Quintiesse in 2022 to bring unique and memorable lighting products to the specialist Designer, Hospitality and Architectural communities. The brand and DNA Currey & Company brings exemplifies all that Quintiesse aspires to provide to its customers and many amazing spaces. By the end of 2025, the first 3 Quintiesse gallery showrooms will be open in Alton in the UK, Krakow in Poland and Dubai in the UAE featuring all of these products and the full Quintiesse collection.

Currey & Company offer comprehensive range of Lighting, Furniture and accessories to a global audience and can be seen at:

www.curreyandcompany.com

Although starting initially with this small selection of unique lighting, Quintiesse plan to extend and widen their offer of Currey and Company products. In between time, special orders of other Currey and Company product can be quoted for upon request.

CURREY & COMPANY

DESIGN DNA

Currey & Company is a 38-year-old wholesale manufacturer of distinctive home furnishings, including lighting fixtures, lamps, accent furniture and accessories. They have a global reputation for innovative design which spans the residential, contract and hospitality spaces, and Currey products are found in interiors around the world.

Their founder, Robert B. Currey, and his wife, Suzy, founded Currey & Company in 1988. Their success is due to hard work, of course, but also a shared passion for entrepreneurship and retail. This was passed along to the current president and CEO, their son Brownlee Currey. He is the second generation of the family to infuse the company culture with a spirited consideration for all who contribute to the day-to-day operations.

MASTERS OF CRAFT

Currey & Company work with highly skilled artisans and craftspeople to manufacture their unique products. They could not achieve the look and feel of the multi-step hand-applied finishes without their suppliers immense design skills and craftsmanship.

In addition, Currey & Company source many beautiful materials found in countries where they have partnerships, such as India, Thailand and the Philippines, which in turn support traditional trades in those communities.

GLOBAL DESIGN PERSPECTIVE

The Currey & Company design team has been able to create innovative designs historically by seeking inspiration through travel around the world to their partner facilities, national and international trade shows, art exhibitions, and more.

They collaborate with top designers and artists to bring their points of view to their range. This list evolves each year as they identify new talent and find new ways to stretch their design and production boundaries.

Product featured:
QNCJUNIA-WB-ORB

This group of design professionals imbues signature richness and depth to the Currey & Company product offering. They enable them to produce the beautiful yet structurally superior pieces that embody the authenticity, use of natural materials and hand craftsmanship that are their trademarks. They pride themselves on letting their designers design—without parameters or restrictions. Their unique perspectives make Currey & Company better and more interesting every day.

TABLE & FLOOR LIGHTING

This portable collection of table lamps and floor lamps makes exemplary use of materials such as alabaster, ceramic, metal and glass to create timeless classics for any interior. The nature of these artisanal techniques and natural materials means that no two lamps will be identical, each one an original with slightly different colourings, shapes and patterns. Our rigorous quality control will always ensure that your chosen lamp is as close as it can be to the originals pictured, but natural variances will occur.
